<https://www.linkedin.com/in/dodi-suhendra-706040179/>

My Portfolio Website : <https://dodisuhendra.info/>

Bekasi, West Java

Let me introduce myself, I am a graduate of Information Systems from Bina Sarana Informatika University with a GPA of 3.64 and a TOEFL score of 457. I currently serve as an HSSE Coordinator in the construction and oil and gas industry, specifically working with Pertamina. I am also a web developer and data analyst proficient in using the Laravel framework, with expertise in programming languages such as PHP, JavaScript, and Python. For data analysis, I utilize RapidMiner and Python for data management.

In addition, I hold the position of HSSE Coordinator & HSE Officer, where I am well-versed in handling Bridging Documents, MCU (Medical Check-up) for workers, Permit to Work / SIKA (Safe Work Permit), Lifting Plan Crane Documents, CSMS (Contractor Safety Management System), HIRADC (Hazard Identification Risk Assessment and Determining Control), JSA (Job Safety Analysis), HSE Plans (Health Safety Environment), LOTO (Lock Out Tag Out), and work permits. I excel in processing, analyzing, and reporting data. I hold a General Occupational Health and Safety Expert Certificate from the Ministry of Manpower, along with certifications in First Aid (P3K), Basic Firefighting/Fire Protection, and have knowledge in Mine Safety Management Systems, CLSR (Corporate Life Saving Rules) Epson, ISO 9001, ISO 14001, and ISO 45001.

Additionally, I play a role as an Administrator in Supply Chain Management, particularly in Goods Receipt and Stock Control, with responsibilities including Inventory Management & Database Management Systems, Administration and Reporting, as well as Operational Coordination. My skills include proficiency in Linux and Windows operating systems, Occupational Health and Safety, SMK3 Auditor, First Aid (P3K), Basic Firefighting/Fire Protection, Laravel Web Development, Stock Control Administration, Forklift Operation, Data Analysis, MySQL Databases, Programming Languages, SAP Systems, and proficiency in Microsoft Office (Excel, Word, PPT, Outlook, and OneDrive) as well as Canva.

WORK EXPERIENCES

I. Company : PT. Ircia Mitra Usahatama (Oil and Gas Construction)

Departmen : HSE

Position : HSSE COORDINATOR

Period : Jan 2025 – May 2025 (Project Based)

Responsibilities :

- Designing and developing Bridging Documents / HSE Plans for the Oil and Gas Construction Industry.
- Preparing documents for Memorandums of Understanding (MoU) for cooperation between the company and hospitals.
- Designing and developing Crane Lifting Plan Documents.
- Organizing and scheduling routine medical check-ups (MCU) at hospitals or clinics for workers before they commence work at construction sites.
- Preparing and issuing Permit to Work (SIKA) documents for oil and gas projects.
- Developing and updating Hazard Identification, Risk Assessment, and Determining Controls (HIRADC) to identify hazards, evaluate risks, and establish necessary control measures.
- Developed and implemented Job Safety Analysis (JSA) to assess and identify risks associated with specific tasks, formulating necessary control measures to ensure worker safety.
- Facilitated daily toolbox meetings each morning before work to discuss safety practices and promote a culture of safety among employees.
- Conducted regular inspections of safety equipment to ensure functionality and availability.
- Conducted health assessments of employees or operators through interviews to ensure their health status is sound and free from illness.
- Assessed the effectiveness of safety tools and equipment, providing recommendations for improvement or replacement as needed.

- Conducted regular inspections of work locations to ensure compliance with the use of personal protective equipment (PPE) and to identify potential hazards or unsafe practices.
- Take action to enforce safety rules and regulations, including stopping work when there are safety violations and implementing corrective measures.

II. Company : PT. Citanusa Jaya Selaras (Consultant & Construction)

Departmen : K3

Position : HSE OFFICER

Period : Oct 2024 – Jan 2025 (Project Based)

Responsibilities :

- Designed and developed an effective Contractor Safety Management System (CSMS) to enhance employee protection and ensure regulatory compliance.
- Developed and updated the Hazard Identification, Risk Assessment, and Determining Control (HIRADC) to identify hazards, evaluate risks, and determine the necessary control measures.
- Developed and implemented Job Safety Analysis (JSA) to assess and identify risks associated with specific tasks, formulating necessary control measures to ensure worker safety.
- Facilitated daily toolbox meetings each morning before work to discuss safety practices and promote a culture of safety among employees.
- Conducted regular inspections of safety equipment to ensure functionality and availability.
- Conducted health assessments of employees or operators through interviews to ensure their health status is sound and free from illness.
- Assessed the effectiveness of safety tools and equipment, providing recommendations for improvement or replacement as needed.
- Conducted regular inspections of work locations to ensure compliance with the use of personal protective equipment (PPE) and to identify potential hazards or unsafe practices.
- Take action to enforce safety rules and regulations, including stopping work when there are safety violations and implementing corrective measures.

III. Company : PT. Indonesia Epson Industry

Departmen : Hse Management

Position : Administration

Period : March 2022 – March 2024

Responsibilities :

- Development of OHS Policies (Developing and recommending occupational health and safety (OHS) policies and guidelines that comply with regulations and national standards, as well as ensuring their implementation in the field)
- OHS Audits and Evaluations (Conducting audits and evaluations of the company's OHS Management System (SMK3), providing feedback and recommendations for improvements to enhance compliance and the effectiveness of the OHS program.)
- Risk Analysis (Performing risk analyses of company activities to identify potential health and safety risks that employees may face.)
- Regularly inspect the worksite to ensure compliance with safety regulations and identify potential hazards or unsafe practices.
- Conduct regular checks on safety equipment to ensure they are functional and readily available.
- Evaluate the effectiveness of safety tools and equipment, making recommendations for improvements or replacements as needed.

IV. Company : PT. Varia Baru

Departmen : Supply Chain Management

Position : Admin Supply Chain (Good Received & Stock Control)

Period : June 2018 – June 2020

Responsibilities :

Inventory Management

Overseeing and managing stock in the warehouse, including the recording of receipts, storage, and dispatch of goods to ensure data accuracy and optimal availability of items.

Administration and Reporting

Preparing and updating inventory reports and related documentation, reconciling system records with physical counts, and providing accurate information to management.

Operational Coordination

Collaborating with the logistics and warehouse teams to optimize the flow of goods, handling requests and shipments, and ensuring compliance with company procedures and policies.

V. Company : PT. Toyota Boshoku Indonesia

Departmen : Logistic Management

Position : Operator (Forklift)

Period : April 2016 – April 2018

Responsibilities :

Forklift Operation

Operating the forklift with expertise to safely and accurately move heavy and large items, ensuring optimal stock arrangement in storage areas.

Inventory Management

Conducting regular inventory checks and monitoring, verifying stock accuracy, and carefully managing the receipt and dispatch of goods.

Shipping Coordination

Collaborating with the logistics team to ensure timely delivery and receipt of goods, as well as preparing orders for shipment according to schedule.
